Powerful, precise total stations

Manual Total Stations

GM-100 Series

Topcon GM-100 total stations – advanced design with superior technology

The GM-100 series delivers the latest technological advantages, all in a small, sleek design – you'll appreciate the benefits from the very first measurement.

Featuring a best-in-class EDM unit, the GM-100 can measure up to 6,000 m 1.5 mm + 2 ppm to standard prisms, and up to 1,000 m at an incredible 2 mm + 2 ppm accuracy in reflectorless mode.

Capture measurements faster than ever, and with a beam width of 13 mm (over 30 m), the bright red laser dot pinpoints features with ease.

Rugged and Powerful

The GM-100's rugged IP66 rated waterproof and dustproof magnesium-alloy housing encases this exceptional EDM, advanced angle encoder system, and a lithium ion battery that provides a 28-hour power supply to help complete your projects on schedule.

Fast and powerful EDM

Easy access USB memory with 32 GB storage

Advanced angle accuracy

Long battery life – 28 hours (Eco mode)

Rugged, waterproof design

- | | | | |
|---|---|----|--|
| 1 | 1,000 m non-prism range | 7 | Tangent lock – securely holds your angle in place |
| 2 | Unique IACS angle encoder system (1" and 2") | 8 | Dual, graphic, backlit LCD display and keyboard
<i>(second display is optional)</i> |
| 3 | Highly visible green and red LED guidelights | 9 | Electronic leveling system |
| 4 | Quick and easy-to-use trigger button | 10 | Exclusive "STAR-KEY" functionality |
| 5 | Laser plummet | 11 | Side mount extra long-life battery |
| 6 | Easy access, environmentally protected USB 2.0 slot | | |

On-board TopBasic Program

Run on-board basic layout and topo programs with the GM series. Store up to 50,000 points. Use the convenient USB transfer method to move data on and off the instrument.

AUTOMATION +
POSITIONING TECH

Ultra-powerful, advanced EDM

- 1,000 m non-prism range
- 6,000 m prism range

Easy access USB 2.0 memory

- Up to 32 GB storage
- Protected from the environments
- Compatible with industry standard thumb drives

Advanced angle encoder system

- Impressive 1" angle accuracy
- Incorporates exclusive IACS on 1" and 2" models (Independent Angle Calibration System)

Rugged, waterproof design

- Waterproof/dustproof IP66 design handles the toughest environments
- Magnesium-alloy housing providing stable angle accuracy
- Graphic display and alphanumeric keyboard (standard)
