

# Self-Leveling Construction Laser

RL-H5B

Ideal flat plane solution for  
excavating, grading, and other  
general construction applications

# Self-Leveling Construction Laser

**Long-range operation  
(400 m)**

**Smart long-range  
receiver**

**Tough IP66  
construction rating**

**±20 Arc second  
horizontal accuracy**

**±5 Degrees  
self-leveling range**

**Up to 100 hours  
battery life**

## Long-range high accuracy laser

With great distance and high-accuracy, the RL-H5 Series is simple to use for checking elevations.

## Easy to use

With electronic self-leveling, you press the power button and go right to work in seconds. If the RL-H5B gets disturbed on the job it relevels itself automatically. The self-leveling motors are accurate to  $\pm 20$  arc seconds.

## Long range operation

Need to shoot elevations up to 400 m from your laser? No problem – this instrument has the power and range to cover a 400 m diameter job site.

## Long battery life

The RL-H5B provides up to 100 hours of continuous usage with 4 (D) cell batteries.

## All weather dependability

With the IP66 rating, the RL-H5B is “job site tough” and can withstand dust, a sudden shower and even torrential rainfall.

### Key Components

- RL-H5B laser
- LS-80L sensor
- Sensor holder
- Batteries
- Carry case

### Five year guarantee

The RL-H5B laser comes with a Five Year Guarantee. Topcon is backing up this reliable, accurate laser with the best factory warranty in the industry.
