

MAGNET SUMMIT

2026

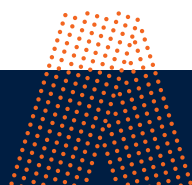

MAGNET Field Summit – Day 1 Agenda

13th August 2026

Time	Session
12:30 pm	Registration, Coffee & Tea on Arrival. Preston Stanley Room
12:55 pm	Welcome Opening remarks and event introduction. Adam Burke Preston Stanley Room
1:00 pm	Occupy Your Potential: A Guide to Fast Field Setups In this practical workshop Karl will go through the different set up routine options for both GNSS and Robotic setups. This session will cover checklists and good field practice habits to ensure successful setups. Karl O'Toole Preston Stanley Room
1:30 pm	MJF Magic: The Ultimate Data Transfer Masterclass This workshop focuses on how to avoid "data silos" and manual USB transfers. It will cover fast, efficient and traceable ways to import & export data to and from MAGNET Field. Peter Daley Preston Stanley Room
2:00 pm	The Big Picture: Mastering the MAGNET Map Screen Find out how to navigate quickly and efficiently around the Map screen. In this session Corey will show you how to customize your map screen layout and highlight map features so you're faster in the field. Corey Carn Preston Stanley Room
2:30 pm	Off the Beaten Path: Advanced Offsets and Slope Staking In this workshop Karl will show you how to speed up your road stakeout, how the visualisation tools help you in the field, and even design a road in real time to get yourself out of a tricky field situation. Karl O'Toole Preston Stanley Room

MAGNET SUMMIT

2026

MAGNET Field Summit – Day 1 Agenda

13th August 2026

Time	Session
3:00 pm	Afternoon Tea
3:20 pm	MAGNET Field 2026 Feature Review This session by Jim Copley from Topcon will give you a head start on taking full advantage of the MAGNET Field 2026 release due out in October. Jim will review and demonstrate the significant features and enhancements in the pending release. Jim Copley Preston Stanley Room
4:20 pm	Work Smarter, Not Harder: High-Speed Field Hacks Being led by one of our most experienced MAGNET Field gurus, David will jam in as many MAGNET Field tips & tricks to help you level up your field productivity. From the “should knows” to the “lesser knowns” this session will be a crowd favourite. David Banks Preston Stanley Room
4:50 pm	Q&A Panel This last session is an opportunity for delegates to ask any question on any MAGNET Field topic they like, directed at our expert panel. A great way to finish off the day. Jim Copley Simon Richardson Karl O’Toole Preston Stanley Room
